

F 90A

FORWARD VIBRATORY PLATE

For compaction of asphalt, sand, gravel, rock fill and paving stones.

All our machine models are versatile and easy to operate. They are also durable and reliable, which means lower operating and maintenance costs.

- The Swebac F 90A is a compact and easy to maneuver vibratory plate featuring a 21 liter built-in water tank.
- The machine is ideal for compacting small asphalt/paved areas and for repair jobs.
- The F 90A is also suitable for compaction of gravel and sand. With a paving mat (accessory) attached to the baseplate, it can compact stone paved areas efficiently.
- Ergonomically designed and de-vibrated-handle with significantly reduced vibration levels.
- The chassis is hot-dip galvanized, which means superior corrosion protection, also for the integrated water tank.
- New design with removable protection, frame which simplifies service work.
- The durable Hardox® baseplate ensures a long service life and is specifically designed for asphalt applications.
- Equipped with transport wheels to facilitate easy transport for short distances.

TECHNICAL DATA – SWE PAC F 90A

Weight, net	105 kg
Base plate, width x length	560 x 610 mm
Height, max / min	1090 / 870 mm
Length, max / min	1110 / 675 mm
Engine	Honda GX 160
Fuel tank capacity	3.1 liter
Fuel	Unleaded or alkylate petrol
Engine output, max	3.6 kW (4.8 hp)
Centrifugal force	14 kN
Frequency	91 Hz
Working speed	0–25 m/min

Water tank	18 litres
Hand/arm vibrations HAV according to ISO 5349 on gravel surface	2.8 m/s ²
Guaranteed sound-power level, LwA	105 dB(A)
Sound pressure level (at operator's ear), OP	90 dB(A)
